

Your Dedicated Tech Team Delivering AI-Driven Apps

CLIENTS WE HAVE WORKED WITH

Solehin Islam

Founder & CEO, TechCare Inc.

Hello There!

TechCare started in 2013 in a university dorm with one goal: to solve real-world problems through technology. What began as a personal passion has grown into a global team helping businesses like yours turn ideas into real, impactful products.

Based in Edmonton, Canada, with a core team at headquarters and a global team of experts, we’ve spent 12 years delivering 300+ projects reaching 5M+ users. Our teams work as an extension of your business, fully dedicated to your success.

Our vision is simple: empowering world-changing businesses through tech, with AI at the heart of everything we do. Our promise remains: 1 project, 1 dedicated team, one goal — helping your business thrive.

12+

Years of crafting digital success stories.

300+

Projects delivered on time and on budget.

5M+

Users engaging with products we built.

20+

Experts who feel like part of your team.

Why Choose Us

Better rates and speed than hiring in-house developers.

Hiring, retaining, and supporting full-time developers-covering taxes, CPP, EI, benefits, tools, systems, and career development, can be expensive. TechCare delivers 10x faster development at half the cost of traditional agencies, without the overhead.

Why Leading Companies Choose TechCare

YOUR BEST CHOICE			
Key Aspects	TechCare Inc	In-House Team	Other Agencies
AI-Powered Speed - Accelerate development and cut time-to-market	✓	✗	✓
